FRÉDÉRIC PFISTERER

Senior Front-End Developer — Vue.js / Nuxt / TypeScript

Saint-Jean-de-Luz, France · Remote | **fredericpfisterer@gmail.com** |
https://lefred.com/en/

SUMMARY

Senior front-end developer with 15+ years of experience building web applications for large enterprises and startups, specializing in Vue.js 3, Nuxt and TypeScript. Works fully remote with product teams on maintainable front-end architecture, Storybook-documented design systems, unit and end-to-end testing, accessibility (WCAG / RGAA), performance (Core Web Vitals) and AI-assisted development (Claude Code, MCP). Bilingual in English, with four years at UNICEF headquarters in New York. Available full-time.

SKILLS

- **Front-end:** Vue 3 (Composition API), Vue 2, Nuxt 3 (SSR / SSG), TypeScript, Pinia, Vue Router, Vue I18n, Vite, Astro
- **Quality:** Vitest, Jest, Playwright, Cypress, accessibility (WCAG / RGAA), Core Web Vitals, code review
- **Styling & animation:** Tailwind CSS, SCSS, Storybook, GSAP, Web Animations API, SVG
- **Tooling:** Git, GitLab CI, GitHub Actions, Docker, REST / GraphQL APIs, Agile / Scrum
- **AI:** Claude Code, MCP, n8n

EXPERIENCE

ACCOR

Senior Front-End Developer (Vue.js) | Dec 2024 – Present

Rebuilt the checkout of Accor's hotel booking funnel with Nuxt 3, Vue 3 and TypeScript as part of the Checkout Web team.

- Build Vue 3 components in TypeScript and SCSS.
- Improve accessibility (RGAA / WCAG) and performance (Core Web Vitals).
- Write unit tests with Vitest and integration tests with Playwright.
- Review code and maintain the GitLab CI pipeline.
- Work in Scrum, presenting end-of-sprint demos to all teams.

CARREFOUR

Senior Front-End Developer (Vue.js) | Jun 2023 – Nov 2024

Rebuilt the Carrefour Location (vehicle rental) website with server-side rendered Vue 3 and TypeScript.

- Set up a custom SSR stack with Vite, Vue 3, TypeScript and SCSS.
- Implemented a hexagonal, domain-driven architecture.
- Introduced unit (Vitest) and end-to-end (Playwright) testing.
- Contributed to the GitLab workflow and code reviews.

FLOVEA

Senior Front-End Developer (Vue.js) | May 2022 – Apr 2023

IoT device that connects to a home's plumbing to detect water leaks and track water usage remotely and in real time through a dedicated app. Built the entire front end of the app.

- Set up a Vite, Vue 3, Pinia, TypeScript and Tailwind stack, later migrated to Nuxt 3.
- Built the Vue 3 components.
- Introduced unit tests with Vitest and end-to-end tests with Cypress.
- Delivered a PWA with push notifications.
- Contributed to the GitLab workflow and code reviews.

MOBILITY WORK

Senior Front-End Developer | Nov 2019 – Apr 2022

Mobile, community-driven maintenance management software (CMMS). Built new Vue 2 features and refactored legacy Twig / jQuery code into Vue 2.

- Worked in an Agile team with code reviews.
- Migrated the application to a full SPA.
- Introduced unit (Jest) and end-to-end (Cypress) testing.
- Used the Vuetify framework.

NUMBERLY

Front-End Developer | Apr 2019 – Oct 2019

Launched several Vue.js websites for clients including UCPA, Center Parcs, Charal, Accor Hotels' loyalty club and Tryba.

FREELANCE

Front-End Developer | Aug 2016 – Mar 2019

Built WordPress websites for Ardian, Bouygues, Cegid, Intermarché, Just Eat, Doctors Without Borders, Orano, Schneider Electric, Talkie Walkie and many others.

MEANINGS (DIGITAL AGENCY)

Front-End Developer | May 2013 – Apr 2015

Lead front-end developer on all of the agency's digital projects (Parkeon, AFCI, Reunica, Arvato, Laboratoires Genevrier and more).

- Built custom WordPress themes with tailored admin interfaces.
- Adopted CSS preprocessors (LESS, Sass) with Grunt and Gulp workflows; versioned and deployed through GitHub.
- Shipped hybrid mobile apps with Cordova and Ionic for Spielstation and Vinci.

FREELANCE

Front-End Developer, Photographer, Video Editor | Sep 2010 – Apr 2013

Web development (justforwo.fr, laboutiquedentistepro.fr), interface design for Eurocopter, video production and post-production, and photography.

UNICEF, NEW YORK

Technical Director | Oct 2006 – Sep 2010

- Managed hardware and software for UNICEF's audiovisual post-production unit: five Mac Pro / Final Cut Studio editing suites, Xserve and Xserve RAID storage on a fiber-optic network.
- Streamlined the production workflow with Final Cut Server.
- Kept video delivery formats current across platforms (HD and SD web video, podcasts and vodcasts, early HTML5 video).
- Provided technical and creative support to the production team.

EARLIER EXPERIENCE

- **Video Editor, Equipage** (2002 – 2006): edited TV programs for France 2, TV5 and Arte with Avid and Final Cut Pro; motion graphics with After Effects and Motion.
- **IT Director & Partner, Gaiaxys** (2001 – 2002): built dynamic PHP / MySQL websites and CMS back offices, managed IT and a team of developers.
- **Project Manager, Palo Alto** (1999 – 2001): led large web and multimedia projects, including TVRadio.com (one of the first live radio streams online, for TDF) and Toutlunivers.com (automated content extraction for Hachette).
